Questions for EPA and ATSDR 071014.docx

Dan and All,

Attached is a list of questions that the WLL CAG Board would like answered at the July 21 CAG meeting. We worked with the CAG to clarify the questions and requests. I know that some of these topics have been covered in previous meetings, but it seems that an update or review would be helpful. I told Ben earlier that Kirby and I aren't able to be at the July 21 meeting. But, if you need any assistance before the meeting, please don't hesitate to contact me.

Thank you.

Terrie

Terrie & Kirby - please review the attached list of questions submitted to the CAG for EPA to respond at July 21 meeting. It is our understanding you will cleanup the list of questions and determine if answers have already been provided. After your preview, this list should be submitted to EPA and Denise Jordan- Izaguierra (CDC) . We can assist with distribution as needed. please advise.
